Dear Vernon:

I am dropping you a line to tell you we played a twilight game in Newark yeasterday with the Cubans and each team got \$109.00. We did not have much time to work on it, just about a week, as the decision about night ball was not reached until then.

In looking over the schedule, I was wondering if you would like to come here July 9th and try a twilight game and let Ladies in free, if so, let me know right away, as I want to get my schedules cards made up by Adlers.

Very truly yours,
